CAREER OBJECTIVE

I am a dedicated and highly motivated electrical engineer with a strong passion for innovation and a proven track record of delivering outstanding results in the field. With a solid foundation in electrical engineering principles and extensive hands-on experience, I have consistently contributed to the successful completion of projects, demonstrating a deep understanding of circuit design, power distribution, and control systems. My commitment to staying up-to-date with the latest industry trends and technologies, coupled with my ability to work collaboratively in multidisciplinary teams, positions me as a valuable asset in tackling complex electrical engineering challenges. I am excited to leverage my expertise to drive excellence in future projects and continue pushing the boundaries of electrical engineering.

Qualified and licensed electrician, I have a car and licence and am available for an immediate start.

KEY SKILLS

- Operating hand and power tools
- Stock control
- Forklift and EWP experience
- Sales and marketing experience
- Proficient in Microsoft 360
- Ability to multitask
